in Charis Zachariadis

Hard Skill

- Engineering and Technology
- Programming in C and Python
- Mathematics and Physics
- Project Creating

Soft Skill

- Observation
- Hard Working
- Communication
- Problem Solving
- Team Management

Hobbies

- Cybersecurity
- Physics / Astrophysics
- Reading
- Basketball
- Hiking

Languages

- Greek
- English (Level B2 Certificate)
- German (Basic Knowledge)

About Me

Available for engineering internship to gain experience and abilities. Passionate with physics, mathematics and computer science (especially hardware). Dedicated to enrich my knowledge in technology and participated in local and international projects. Extremely passionate to working on innovating ideas and community programs.

Education Background

- **University of Thessaly**

  Electircal and Computer Engineering
  2022 - Present

Projects
